Subject: Application for Internship through AICTE Portal

Dear Sir/Madam,

I am writing to express my interest in pursuing an internship opportunity through the AICTE Internship Portal. I am currently pursuing my **B.Tech in Computer Science and Engineering (Cybersecurity)** at **Pallavi Engineering College**. With a strong foundation in programming, network analysis, and digital forensics, I am eager to apply my academic knowledge to real-world challenges in Artificial Intelligence, Machine Learning, cybersecurity, data science, or IT-related domains.

My technical proficiency includes **Python, Java, SQL, Tableau and C**, along with hands-on experience in tools like **Wireshark, FTK Imager, Autopsy, and Nmap**. Additionally, I have completed certifications from **Cisco** and **IBM** in Cybersecurity, Data Science, and Artificial Intelligence, which have enhanced my analytical and problem-solving abilities.

I am highly motivated to learn, adapt, and contribute effectively in a collaborative environment. I believe that an internship under your organization would provide invaluable industry exposure and help me strengthen my practical skills.

Thank you for considering my application. I would be grateful for the opportunity to contribute to your team and demonstrate my enthusiasm and commitment.

Sincerely,
Gajula Vatsalya
